Declaration

I understand and agree to all Terms and conditions of this agreement outlined below:
-The applicant is the **owner of the property** where the system will be installed. Non ownership will result in project denial.
-Solar project **must** have a signed and approved Net Metering Application to qualify for a rebate
-Rebate value is calculated at $1.50 per watt. Minimum project size 1KW ($ 1,500) Maximum size 3.0KW ($ 4,500)
-Rebates may subject to Federal or State tax reporting. Applicant is responsible for contacting a qualified tax advisor to determine liability
-TMLP reserves the right to inspect and verify all PV systems before a rebate is issued.
-Must be customer of record for at least 6 months with no arrears
-System must be installed in a single family dwelling residence of TMLP service territory
-Professional, licensed contractor must install system
-Once all paperwork is submitted and approved TMLP will send commitment letter with rebate amount to customer of record
Note: Copies of all paid invoices must be submitted to TMLP before a rebate will be generated for solar project
