

INVITATION FOR BID (IFB 17-11)  
ADDENDUM I, JUNE 1, 2017

CISCO UNIFIED COMMUNICATION DEPLOYMENT

FOR THE  
TAUNTON MUNICIPAL LIGHTING PLANT  
55 WEIR STREET, TAUNTON, MASSACHUSETTS, 02780

KENNETH GOULART, GENERAL MANAGER

This Addendum is issued to provide the following information, corrections and/or clarifications relative to the original IFB as issued and as such becomes an integral part of the IFB document.

The following questions were answered during the Pre-Bid Meeting.

**Question 1:** Wage Rates

**Answer:** Prevailing Wage: The Department of Labor Standards (DLS) issues prevailing wage schedules to cities, towns, counties, districts, authorities, and agencies of the Commonwealth for construction projects and several other types of public work. These prevailing wage schedules contain hourly wage rates that workers must receive when working on a public project.

**Question 2:** Clarification of Article 22.2 Page 28

**Answer:** Defined SOW is a general overview of each process. Detail can be given.

**Question 3:** SIP Trunks

**Answer:** SIP trunks are 25 call paths per site. There are two sites equaling 50 call paths that fail over to each other.

Updated Pricing Summary Page (replacing Page 51) attached.
