

TMLP Participates in DOER MLP Solar Rebate Program for Residential Customers

For Immediate Release: May 14, 2019

Contact: Sonja Britland, Public Communications, 508.824.3177, sonjabritland@tmlp.com

TMLP customers who want to install solar panels for home energy use can now apply for a generous incentive through the MLP Solar Program. **TMLP has pledged \$350,000, which the Department of Energy Resources (DOER) will match, for a potential total of \$700,000 in program funds.** The MLP Solar Program will award \$1.20 per watt total for approved projects, with **TMLP** and the DOER both providing a matching contribution of \$.60 for systems up to 7.5 kW. Awards will be dispensed on a first come, first served basis to solar projects that meet specific TMLP & DOER requirements.

The MLP Solar Program provides an up-front award, making it different from the recently-expired Solar Renewable Energy Credit (SREC) program. Until the end of November 2018, SREC program participants received their award quarterly, spread over 10 years. **TMLP** is participating in this remarkable incentive program to make solar technology more affordable for our customers to adopt robust renewable energy sources.

Program Highlights

- Provides \$1.20 per watt of installed solar production (\$.60 per watt from TMLP and \$.60 per watt from the DOER) with the maximum rebate reached at 7.5 kW.

For example: Systems sized for 7.5 kW of solar energy production (direct current) will be eligible for a \$9,000 rebate (\$4,500 from TMLP + \$4,500 from DOER)

- Rebates will equal no more than 1/2 the installed cost of any system
- Participating customers will also have financing options available through the Mass Solar Loan program, with low-interest, fixed rates and support for income qualified residents.
- Only customers with renewable generation systems approved by **TMLP & DOER** will qualify to receive the rebate. Learn more about applying for solar interconnection here http://www.tmlp.com/page.php?content=clean_energy_home. Or call our administrative office at **508.824.6976** or email SonjaBritland@tmlp.com for more information.

About TMLP: *TMLP is a locally controlled municipal company providing electricity & Internet communications to Taunton and surrounding towns for more than a century. Our mission is to*

provide reliable, competitively-priced services to our community in a sustainable, environmentally-sensitive and customer-centric manner. As a public power provider we value our customer-owners relationship and want to support them in this ever changing electricity environment.
