

TMLP Launches New EV Awareness & Rebate Program

For Immediate Release: Wednesday, March 6, 2019

Contact: Sonja Britland, Public Communications, TMLP, 508.824.3177, SonjaBritland@tmlp.com, or Bill Strojny, Customer Care Manager, TMLP, 508.824.3134, BillStrojny@tmlp.com

TMLP is committed to providing high quality, reliable and affordable electricity and other related services to its customers. Electric vehicles (EVs) are already offering both excellent efficiency and performance at increasingly affordable costs. **That's why TMLP is pleased to announce its new EV awareness & rebate program, TMLP Drives Electric.**

In addition to the launch of the new TMLP Drives Electric website, customers will now have access to comprehensive EV resources and support via a toll-free support line (1.833.443.8363) and email (ev@ene.org) staffed by EV Specialists. Whether new to EVs or already an existing EV owner, residents can learn more about the different types of available electric vehicles and charging, get connected with dealers, hear about upcoming local EV events, and connect with discount EV rebates and EV incentives available only to TMLP customers.

Learn more about electric vehicles and their many benefits at TMLPDrivesElectric.org and sign up to receive the latest information about incentives and upcoming events.

About TMLP Drives Electric: *TMLP Drives Electric is an outreach and rebate program to inform the electric utility customer about the savings and benefits that come from choosing an electric vehicle and charging it at home overnight. TMLPDrivesElectric.org*

About TMLP: *TMLP is a locally controlled municipal company providing electricity & Internet services to Taunton and surrounding towns for more than a century. Our mission is to provide reliable, competitively-priced services to our community in a sustainable, environmentally-sensitive and customer-centric manner. As a public power provider we value our customer-owners relationship and want to support them in this ever changing electricity environment. www.tmlp.com*

About Energy New England (ENE): *ENE is the largest wholesale risk management and energy trading organization serving the needs of municipal utilities in the northeast. ENE works with numerous businesses, residents and utilities to help promote the principles of conservation, efficiency, and environmental stewardship, and advances the many benefits available through integrated sustainability planning. ene.org*
